### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:
2. The recapture rejection has been withdrawn because new claims 55 and 68 include the steps of "suspending play of said first casino game....", and "awarding any players suspended from the special round game a suspended player award.....". These added steps make the claims materially different and narrower in some respects, than the cancelled claims, thus avoiding the effects of recapture.

None of the cited references alone or in combination teach the claimed steps of "suspending play of said first casino game upon occurrence of said at least one predetermined special round threshold event; initiating play of said at least one special round game after said suspending step with said at least one special player" and "awarding any players suspended from the special round game a suspended player award as provided for according to rules of the at least one special round game".
